50X1-HUM

Summer Camp of Trojan

1. On 16 August 1953, the summer camp of Trojan was occupied by the following artillery regiments:
 - a. A motorized artillery regiment equipped with 76.2 mm. ZIS-3 Mod. 1942 cannons and Skoda and ZIS trucks; and
 - b. A regiment equipped with 76.2 mm. Mod. 1938 mountain artillery and horses.

Gabrovnitsa Airfield

2. Gabrovnitsa Airfield is located northwest and in the immediate vicinity of Gabrovnitsa (N 43-32, E 23-16), 14 kilometers north-northeast of Mikhaylovgrad. Approximately ten buildings of the airfield were observed about two kilometers on the right of the Mikhaylovgrad-Lom road just beyond the railroad crossing.
3. On 26 August 1953, an LA-5 pursuit plane was observed when it passed over the airfield.

Marino Pole Airfield

4. The airfield at Marino Pole (N 42-35, E 24-52), formerly Mintishlii, is located 7.5 kilometers southeast of Karlovo, two-three kilometers southwest of the Karlovo-Kazanluk road between the Banya (N 42-33, E 24-50)-Kalofer (N 42-36, E 24-58) road, the Karlovo-Kufalare path and the torrent which descends from the Balkan Range west of Marino Pole.
5. On the north side of the airfield, there are three modern hangars, a building comprising a control tower and two-three buildings which may contain offices and living quarters, and a depot for gasoline in barrels.

-2-

6. The majority of the buildings are located on the opposite side. There are five large old-type hangars, approximately 25 x 40 meters in size with triangular-shaped roofs, and a large number of buildings comprising offices, workshops, barracks, living quarters, etc. A large grass-covered area extends between the two groups of buildings.

Military Targets in Varna

7. The following military targets, with numbers corresponding to those shown on the map on page 3, are located in the eastern part of Varna:
1. Restricted zone.
 2. A hill, 35 meters high, the top of which has been leveled. Excavations are being made underneath it starting from the road.
 3. A canal being deepened between the hill and the sea, with the apparent intention of connecting the two. Purpose of this work is unknown.
 4. Location of 6-8 cannons on wheels, recently moved to position #5, in the vicinity of the Border Guard post.
 5. The 16 Border Guard Komandatura. This building is located 10-12 kilometers from the canal.
 6. A small wooden bridge.
 7. Villa Trapezta, headquarters of the intelligence unit for Varna area. A Soviet naval officer, Captain Golubtsov is stationed here. Location for this building is approximate.
